A question having been raised that the guarantee under the recent proposals should be equal to the cost of constructing the Pacific telegraph line.

The Calinet to-day it is said, decided that there was no executive discretion, as the law provides that no contract shall be made till the line is in actual operation, and the fulfilment of which is patent medicine, an article if hy no means claims to be.

At the meeting on Monday night, Judge Swan, of Knoxville, begged to make a remark in healf of the Knoxville committee. In view of what had truuspired, he would say that it would of afford them much pleasure to have steps taken in favor of the Knoxville route at once, that they might report so auspicious a termination of their labors to the people of Knoxville. But it would meet their cordiel approbation, confident as they were of the superior excellence of their route, if the committee of examiners were appointed. Let them appoint a competent engineer, and he was delayed, the committee would feel it their duty to call upon the city of Louisville. If Louisville should offer the desired aid, it would be their duty to accept it, for their mission was to the Valley of the Ohio, first to Cinciunati and then te Louis- pas
